**RE:** Addition of Preventive Codes for “Family Planning Examinations including Self-Referred Family Planning Examinations”

Effective July 1, 2007, the following Preventive Medicine Services Codes (99384-99396) in conjunction with a diagnosis code of V25, may be used when providing family planning services that include counseling/anticipatory guidance/risk factor reduction interventions, which are provided at the time of the initial or periodic comprehensive family planning examination.

**New Patient:**

99384 - age 12-17

99385 - age 19-39

99386 - age 40-64

**Established Patient:**

99394 - age 12-17

99395 - age 18-39

99396 - age 40-64

If an abnormality or abnormalities are encountered, or complaint is addressed in the process of performing this preventive medicine evaluation management service, use the appropriate Office/Outpatient Evaluation and Management Codes (99201-99215) in conjunction with the diagnosis code V25 instead.

Questions concerning family planning codes can be directed to 410-767-6750.
